SITE-WIDE NOISE GUARANTEE

From a single noise level survey to the full-blown design, supply and installation of all noise control on a site, EnergyLink has the customized, noise reduction solution to fit – guaranteed.

We not only satisfy your project's unique noise control requirements; we also guarantee our results. In the unlikely event that the final results do not meet your acoustical specifications; we will ensure compliance at no extra charge. That is the EnergyLink International Site-Wide Guarantee. Our team has collectively completed hundreds of projects with a plant-wide acoustic guarantee, and we have never failed at meeting the acoustic specifications.

ENERGYLINK ADVANTAGE

- Complete responsibility for acoustic design and guarantee
- Supply of equipment specifications and testing procedures
- Evaluation of proposed equipment vendor's noise data
- Troubleshooting equipment vendor non-compliances
- On-site testing during start-up and commissioning to ensure all guarantees are met
- Make-good guarantee on all EnergyLink supplied or designed equipment
- Cost of all engineering man-hours and expenses are included with material supply
- Specialize in octave band specific criteria and low frequency noise (compliance guarantee to 16 Hz)
